

Herald's Aspey Reports "They Don't Gow Sugar-s Like This In Florida!"

"SELL EVERYTHING AND COME ON OVER. Belle Glade will never have anything like this." C. J. Aspey wrote from Honolulu, Hawaii, where he and Mrs. Aspey are vacationing at the Hawaiian Village Hotel on Waikiki Beach. "We're having a wonderful time, however we will be glad to get back to Belle Glade again!" See Story Page 4.

December Dedication

Lake Okechobee Dike For Him

Final congressional approval for naming levees around once-flood-torn Lake Okechobee in honor of former President Herbert Hoover was announced today (Friday) by the Florida State Chamber of Commerce.

Harold Cole, executive vice-

president of the Chamber, said he was informed of the decision by Sen. Spencer Holland who sponsored the move in Washington. The action stemmed from a resolution drafted by the Chamber at its 43rd convention in Tampa, Nov. 17, 1959.

Cole contacted Mr. Hoover in San Francisco to advise him of the honor and lay plans for a formal dedication of the dike sometime in December.

"Mr. Hoover was highly elated about congressional dedication," Cole said, "and is looking all details of the dedication was aimed to him and we are awaiting his decision as to whether he can attend formal observances in December."

Cole said he was "overjoyed" that Congress has voted to name the Lake Okechobee dike in tribute to Mr. Hoover for his responsibility in bringing about this project 30 years ago.

"We are anxious to have Mr. Hoover visit us for the formal dedication of the dike and enjoy the recognition that will be his to express," he said.

La. Sugar Expert Enthusiastic For Glades Sugar Coop Program

"Florida is in a most favorable position to receive an increased allotment in sugar," was the authoritative opinion expressed by Mr. Jules M. Burguiere when he visited the Herald office on Monday.

Mr. Burguiere, who operates the J. M. Burguiere Co., Ltd., of Louisiana, a sugar cane operation founded by his family, and who will be remembered by many of our early settlers for his work in the sugar industry in the area, was high in his praise of this area as the ideal location to produce sugar cane.

In reminiscing of his early activities in the area he told of dismantling the old sugar mill west of Miami, owned by the Pennsylvania Sugar Company and erecting it at Clewiston.

This mill had twelve roller grinders and the advantage of grinding cane and formed the nucleus of the U. S. Company's operation in Clewiston.

Well known throughout the state, Mr. Burguiere was the first president of the Florida State Chamber of Commerce and still retains his interest in Florida as an honorary member of the State Chamber. He is a director of the State Land and Timber Company, as well as a landowner.

In discussing the prospects of increased sugar cane growing in the area, he pointed out the advantages Florida has over other areas. In his own operation he gets cane from five different plantations in several parishes (counties) some of which is transported by water.

"Florida's climate is too cold for breeding sugar cane successfully and much of this work is done for them in Florida," he pointed out that the United States only produces about fifty percent of its annual sugar requirements of 10 million tons annually, and with our normal weather we can produce the rest.

"We need an additional 800,000 tons of sugar to meet the demand of the next decade for our nation alone, which could be developed from five different plantations in several parishes (counties) some of which is transported by water."

Community Bldg. Gets Go Ahead From Commission

Belle Glade City Commission Wednesday adopted a resolution approving the Belle Glade Community Building.

The commission also approved the construction of the Community Building, for which funds are to come from public donation, and authorized C. A. Cone to proceed with the plans.

Board Extension Requested. E. C. Mapp petitioned that the city extend the road on the north side of the canal east from the Leland Pearce residence to the city limits.

Valuable Land Tract Being Sold Today At Sub-Courthouse

Of great interest to Glades landowners is the pending sale today of some 2000 acres of muckland, among the most valuable in the lake area.

This sale, known as the Richard tract, is being conducted by representatives of the Trustees of the Internal Improvement Fund.

The state-owned land will be sold to the highest bidder in tracts from 40 acres to 104 acres, starting with a minimum bid of \$450.00 per acre. It is reported that if the total amount from the individual sales does not equal the amount the state can expect from one overall bidder, then bids will be taken for sale of the tract in one bidder.

The tract for years has been leased and farmed by the Richard Corporation and its close proximity to the lake makes it most valuable in the production of winter vegetables.

This land is also highly desirable for sugar cane and with the increased interest in production for additional cane growers farmers would do well to consider its purchase.

They're Tax Payers' Problem Children.

A meeting of Palm Beach County School Board yesterday in West Palm Beach evolved around working out arrangements for reimbursing local tax payers for expenses incurred by some 60 pupils from Martin County attending Palm Beach County Schools.

Last year the board asked Martin County for reimbursement of that portion of the expense born by the taxpayers of Palm Beach County. At that time no consideration was given for cost of construction, buildings, etc., according to Henry Earwood, member of the board.

Mr. Earwood said it is estimated 40 percent of the school cost is born by local tax payers, with the balance paid out of the State Minimum Foundation Program.

"We want to be fair to our neighbors who are patrons of the business houses in our county," he said, "and I'd like to see any proposition they had to offer." Mr. Earwood said.

Officers And Directors Elected Steps To Secure Quota Reported

Some seventy-five interested farmers and other citizens of the area met at the Glades Sub-Courthouse Monday, July 25, to complete organization of the Sugar Cane Growers Cooperative of Florida, an organization formed with nineteen Glades shipping and processing groups furnishing the nucleus of the organizing membership.

Major business was the election of officers, a board of directors and adoption of a set of by-laws.

Robert Applegren, Pahokee was elected president; George Wedgworth, Belle Glade, vice-president; Walter Kautz, Canal Point, Secretary-treasurer; Terry Gibson, West Palm Beach, assistant secretary.

The board of directors, to be composed of nine directors, was limited to the election of seven members, with two more to be selected later from independent growers. The seven selected Monday from the membership of the nineteen organizing groups were for three years: Thomas Lewis Friend, Robert Applegren and George Wedgworth.

Favored By Milady Culottes Win Gent's Approval

FROM A MAN'S POINT OF VIEW these Florida-made culottes get an official OK from Ben Geiger, manager of Linsley Lumber Company, when quipped for an opinion last week by model Gwen Rustin at the W. T. Grant store.

Florida indisputably leads the braided and sequin-trimmed as well as the "land of sun and fun" and rightfully is taking a lead in its competitive sister, California, in setting the trend for sun-wear fashions.

Returning as a must in milady's wardrobe, culottes are again much in vogue for sports and casual wear in a variety of wash fabrics, cottons, Arnel and Denims.

Glamorous versions are favored for party and dinner wear, designed in varied lengths of . . . life.

McAllisters Are Home From Month's Vacation

Mr. and Mrs. S. M. McAllister are home again from "the most delightful vacation we ever had" this in spite of the fact that Mrs. McAllister fell at the beginning of the trip and broke three ribs. Their month-long trip included a visit in Pensacola with Wendell Carpenter and they attended Buny Malcom's wedding in Ft. Pierce. From there they went to Okla. City where they visited Rev. Hancock Baptist Indian Missionary in Wichita and were guests of Mrs. McAllister's sister and family, Mr. and Mrs. Forrest Gibson. On the return trip they stopped for five days good rest in the mountains in Tennessee and visited in Ashburn, Georgia with both of their mothers, also attending a family reunion.

A nephew, Joe Lumpkin returned with them from Ashburn, Georgia to spend the rest of the summer.

Popularity Comes Early To Mary Lynn

Photos of little 5 months old Mary Lynn Shubert were selected from among many for publication last week in the Miami Herald. They were also picked up by the Ft. Lauderdale Press and used in that paper.

This week the young lass appears in THE BELLE GLADE HERALD (page 1).

Mary Lynn is the charming daughter of Mr. and Mrs. Inzer T. Shubert who lives at Hollingsworth Apts. Mr. Shubert is a printer of 7 years standing at THE HERALD and Mrs. Shubert was employed in the Bureau department prior to the arrival of Mary Lynn.

George Mills, accompanied by his daughter, Georgiann and Mrs. Josephine Hayes made a flying trip to Metter, Ga., over the weekend.

Mr. and Mrs. C. T. Pennington and daughter Betty visited a week with relatives at Blythe, Augusta and Wrens, Ga., and attended camp meeting at Matthews. Going up they were overnight guests of their son and family, the Bill Pennington's at Jacksonville and returning stayed with Mrs. Pennington's sister, Mrs. Taylor.

Mrs. Mary Park is visiting relatives in Chattanooga, Tenn.

SUPERMARKET on your FARM

With an Electric refrigerator-freezer (or a home or farm freezer) you can keep a supermarket selection of meats, poultry, vegetables and other fresh and frozen foods at your fingertips. By preserving home-grown products in your freezer, you'll freeze extra dollars into your budget—save money, work, food, time.

You can cut shopping trips, buy foods in quantity at bargain prices and store until needed. When berries and fruits are in season, freezing is easier than canning.

Many rural families are living better, thanks to the convenience, economy, and healthful pleasure provided by ALL-ELECTRIC refrigerator-freezers, and home and farm freezers. And remember — Kelly Kidwatt works full time at part-time wages — a biggest bargain in town!

See the new Electric refrigerator-freezers (and freezers, too) at your Electrical Appliance Dealers.

BPWC Names Two Outstanding Women To Compete For "Woman Of The Year"

The Belle Glade BPWC has chosen two outstanding young matrons for the "Woman of the Month" title for May and June. They are Mrs. Phyllis Pierce and Mrs. Gloria John Smith.

In reviewing qualifications for the month of May choice the committee is proud of all the work Mrs. Pierce has contributed to the community, in the four years she has been a resident here. A most capable person, she took over the job of the Belle Glade center which required considerable coordinating and planning and did a most worthwhile project for the community. A member of St. John's Episcopal Church and of St. Elizabeth's Guild she has been active as well as assisting other churches in getting out bulletins. Always willing to lend a helping hand she was a capable leader working with establishing the blood bank and presently working with the Chamber of Commerce. Mrs. Pierce with all of her outside work maintained a home for her husband and two teenagers.

The Club is also happy and proud of the achievements of Mrs. Gloria John Smith, wife of Sidney K. Smith, Jr., and the mother of four children. An accomplished musician, she was active in music circles of the church and community of Pahokee even as a child, playing piano, violin and organ and singing in groups and choirs.

A resident for 14 years here, she has participated in many activities at Community Methodist church and organized and directed the children's group for several years, and was voted "Methodist Mother of the Year" last May. She is presently a member of the Chancel Choir, organist for mid-week services, teaches in the church's department of the Church school, is active in the Woman's Society and other church activities.

Working with children, Mrs. Smith has a great understanding and with her winning personality and friendliness she has done a wonderful job as member of the teaching staff of the Royal Palm School for Exceptional children in Palm Beach. A Special Teacher Service, for six years. She is a member of the PTA and keeps in touch with her children in their various activities and keeping her home. Mrs. Smith is graduate of Pahokee High School and Florida State College with a degree in music and education. Her parents are Mr. and Mrs. John Dudley, pioneer residents of Pahokee, now living in this city.

Hi, Neighbor!

(By Bob Lanier)

Introduction by bottle! Well, it has been done and recently too. A young vacationist while visiting recently in Virginia's "Land of Pleasant Living," down on the well known Rappahannock and near the Chesapeake Bay, found a bottle from which contents apparently were a part of what many noblemen as well as peons insist make for more pleasant times. The bottle being dry and well capped, this youngster obtained a small business card and wrote on the reverse side, "If found, please return to Box . . . Belle Glade, Florida, bottle and all." He signed his name, folded the card and tossed it in the calm and glassy waters of the Rappahannock.

To the happy surprise of the Belle Glade youngster, he has received a letter from Colonial Heights, Va., written by another young vacationist who writes, "We were on the beach at Delmar, Va., and a small bottle of mine picked up a bottle with this card in it. In the excitement the bottle was broken. Delmar, Va. I go there with my family real often through the summer. There is a 44' boat there and that is where we stay. My brother and I and my Mother were there all of last week when we found the bottle. I am 14 years old. In fact I will be 15 in October, etcetera."

The incident could easily begin a life long friendship as these two boys are now corresponding each day. "Who knows? This sort of thing might be the means of improving international relationship, as well as interstate."

Charlie Bolton Sells Ford Agency To Marlowe's Everglade Motor Co.

After sixteen years as Ford Dealer in Belle Glade, Charlie Bolton has sold his agency to the Marlowe's Everglades Motor Co., Inc., and the new operators are receiving a welcome to Belle Glade's merchants group.

In '54, through the purchase of the old Legion Home on the southeast corner of First and Avenue E. S. E., Mr. Bolton's agency was able to bypass the restrictions of war-time building.

In 1958 a modern CBS building, designed especially for the retail auto and service business was added to the already neat and body shop erected some years earlier, by Mr. Bolton.

Charlie's doctor advised him that the ravages of time and the tension of vacillating economic fortunes of the Glades indicated a rest to avert off more serious consequences to his health.

With the transfer of his agency

was the duty of Norad to identify all aircraft flying over North America. He said that in the last 24 hours, 36 unknown planes were detected, 12 of which were identified by radio, 7 were identified by radio after fighting planes were scrambled to intercept them, and 17 were identified by visual contact through the use of jet interceptors. An interesting feature to this identification procedure was that the unknown planes required identification were given a ticket similar to our own traffic tickets, and when the unknown aircraft was grounded considerable explanation is required by the defense command.

Col. Ralph said that Norad constantly kept an eye on any fishing vessels particularly the fleet around New Foundland which includes many Russian vessels. He stated that several of these fishing trawlers have been not normally carried by this type vessels. He says that the Russian claim these trawlers are making a hydrographic survey but that Norad keeps them under close scrutiny at all times.

In the past 24 hours, 21 trawlers were identified, 2 unidentified submarines were sighted, one off the coast of Cuba and one off the coast of Cape Cod.

Col. Ralph "shook us up" a bit when he said there was no effective defense against missiles as yet. The best we can hope for at the present time is about 15 minutes advance warning. That 15 minutes is our degrading factor at this time since enemy nations can only surmise our retaliatory power might be. There is an urgent research program going on at this time to improve an anti-missile which is called the Nike.

Very important progress has been made on this missile and fignent someone's imagination someone's imagination pointed out that all is not bleak since we had recently completed three ICBM detecting stations. One each in Alaska, Greenland, and England. These stations have the largest defensive radar screens yet devised. The screen itself being about the size of a city block with a range of 13,000 miles.

The program has since been transferred under the direction of the Central and Southern Florida Flood Control Project.

BG Bowling Center To Open On Aug.

Completion date for Belle Glade's new 16-lane bowling center has been set for sometime in August.

Glades Bowling Lanes, the new establishment is located on Highway 80, south, on the bend.

According to Jerry Pence and Milt Gessner, owners and managers of the new enterprise, Glades Bowling Lanes will be the finest family recreation center in the area. The very latest AMP bowling equipment will be installed, including telescopic, magic-circle ball returns and pinsetters. The establishment will also house a first class restaurant and will offer fountain service.

"Right now," states Pence, "we're working hard at getting our leagues organized for the coming season and last outstap to have as many as possible before our actual opening." "Enthusiasm is running high and we want to get everyone interested in this healthy sport," he adds.

Plans are being made for a special junior program and women's events. "and last outstap to have as many as possible before our actual opening." "Enthusiasm is running high and we want to get everyone interested in this healthy sport," he adds.

fishing news

Fishing on Lake Okechobee has been a little slow the past few weeks due to hot weather the fish are not biting, however the rain Monday and Tuesday helped to cool the waters and fishing is expected to pick up.

At J. Mark's Fish Camp reports are breaking fishing is pretty good but bass fishing is slow. Catches recently were an 8 one-half lb. bass caught by Hal Ford of Ft. Lauderdale and John Deaton a 9 one-pounder on live bait.

Breast fishermen Dick Wolin of Miami caught a limit of breast Saturday a. m. and Al Mutchall of Belle Glade also had a nice catch of breast. Breast and shell cracker catches have been fair according to a report from the Okechobee Camp out from Okechobee at the North end of the lake.

Mr. and Mrs. Connie Bowen and two sons and his parents enjoyed a fishing trip at Jupiter Sunday. They had a lot of fun, although the fish caught were all catfish.

Pahokee Negro Woman Held For Manslaughter

Yvonne Gladney, 26, of Pahokee is being held on a manslaughter charge in the stabbing last night of a migrant farm worker, according to Calusa County sheriff's deputies at King's Ferry, N. Y.

The woman was quoted as saying Judge Jackson, Jr., also of Pahokee entered her room at a migrant camp near King's Ferry and attacked and slashed her. She stabbed Jackson with a hunting knife and he dropped in the struggle.

Miami Negro Gets In Trouble Here

In a car-truck accident Saturday afternoon at 4 p. m. on S. W. 16th Street and West Canal St., South, a Miami Negro was hospitalized with a fractured arm and numerous cuts and bruises about the face and arms, according to Sgt. Art Folden of the Belle Glade Police Department.

Folden said a car driven by Benjamin Cummings of Miami going East on West Canal St. So failed to stop and crashed into a truck driven by James M. Booth, Negro, 9 N. W. Ave. F., south bound driving across bridge on N. W. 16th St. Cummings car skidded approximately 80 feet before crashing into the center of the truck body and knocking it over. It was estimated both vehicles were total losses. Booth and his wife were unhurt.

Cummings was arrested on two charges, not having a driver's license, reckless driving, causing an accident and driving while intoxicated. He was also charged for having bolita tickets on his person. His bond was set at \$500 for the first charge and \$100 for second. He was unable to appear in municipal court Monday night, but will be tried when released from hospital.

Awarding Of Prizes, Certificates

Mark End Of Summer Program

Friday, July 29th ends the summer recreation sponsored by the Palm Beach Board of Instructors. This has been one of the most successful summers at the South Bay Park. The following students have taken and passed the required tests for beginner in swimming: Pamela Cooper, Bobby Champion, Doug Cooper, Judy Fisher, Sammy Rogers, Richard Franks, Leon Kelsoe, Paye Overby, Jill Bowen, Kathy Conner, Tommy Williams, Mike Teale, Patty Bliss and Jimmy Prevatt.

The South Bay Park is undefeated in Softball thus far, they have one more game with Belle Glade this Wednesday afternoon at the Belle Glade Park.

Tuesday afternoon Mrs. Lucile Rudder had an art and crafts exhibit at the South Bay School, many of the parents and students attended and commended the beautiful work that has been done during the summer program - a variety of beautiful work that the students have completed. Due to the lack of space and that some of the students had taken their work home, half of the work done was not shown.

Mrs. Myrtle Gilman, Director for the South Bay Park received a lot of equipment from the city to be used at the park. A shuffleboard set, ping pong set, blowing set, dart game, and an archery set. Mrs. Gilman will be at the park each morning as she has done in the past. Mr. H. A. Ouellette wants to commend Mrs. Gilman on the fine support she has given him this summer and the great work she is doing at the park.

Special thanks to Ray Sullivan, Mrs. J. C. Bowen, Mrs. Hollis Trevatt, Mrs. Thomas Williams, Mrs. Getty, Mrs. Franks and Mrs. Cecil Kersey for the transportation given to Mr. Ouellette in order for him to get swimmers to the Belle Glade Pool.

The results of the tournaments held at this park this week are as follows: Ping pong: Miles;

Checkers: Mite boy, Pat Bowen, girl Jill Bowen; Midget, boy, Ivan Willis, girl, Cecilia Mathis; Junior boy, Larry Kersey, girl, Susan Willis. Prizes for the tournament certificates for swimmers will be awarded Friday morning at the park.

Thursday parents and children spent the day at the beach.

The boys are taking full advantage to hide themselves from "enemy" observation. Also pictured is Marshall College Cadet John E. Dial of Huntington, W. Virginia.

These young men are among 1200 college men who are midway in their six weeks of intensive field training at the Fort Knox ROTC Camp in preparation for their commissions as Second Lieutenants in the United States Army or Army Reserve.

Cadet Braddock, an English major and a member of Lambda Chi Alpha social fraternity at Washington and Lee, was graduated this spring and will be commissioned at the close of summer camp.

Local Civitans Attend District Meeting

Don Fishler and Willis Warren represented the Belle Glade Civitan Club at the First Quarterly District Civitan meeting held at the "Par Hoistons," Lonicboat Key, Sarasota Saturday, July 23.

Attendance at the meeting broke all previous records. The extension committee reported that several new Civitan clubs will be chartered in the Florida district during August.

Each Civitan was given a "500 Key" symbolic of the 500 mile Warren.

Indianapolis Memorial Day Race. The "500 Key" compares the current membership with Indianapolis race and is in keeping with the rapid growth of Civitan throughout the United States. The slogan "Be a Driver not a Rider" will be heard in Civitan clubs throughout the country.

Mrs. Fishler accompanied her husband leaving on Friday and returning Sunday. Mrs. Warren and son also accompanied Mr. Warren.
